Sir or Madam:

I am contacting you on behalf of the Recording Industry Association of America (RIAA) -- the trade association whose member music companies create, manufacture, and distribute approximately 85% of all legitimate music sold in the United States. =20

If you are an Internet Service Provider (ISP), you have received this letter because we have identified a user on your network reproducing or distributing an unauthorized copy of a copyrighted sound recording. This letter constitutes notice to you that this user may be liable for infringing activity occurring on your network.=20

If you are an Internet subscriber (user), you have received this letter because your Internet account was used to illegally copy and/or distribute copyrighted music over the Internet through a peer to peer application. =20

Distributing copyrighted works on a peer to peer system is a public activity visible by other users on that network, including the RIAA. An historic 2005 U.S. Supreme Court decision affirmed that uploading and downloading copyrighted works without the copyright owner's permission is cle=

arly illegal. You may be liable for the illegal activity occurring on your computer.

To avoid legal consequences, a user should immediately delete and disable access to the unauthorized music on your computer. Learn how at the "About Music Copyright Notices" section of [www.riaa.com](http://www.riaa.com). That section also contains practical information about:

- How you were identified and why illegal downloading is not anonymous
- What next steps to take
- Where to get legal music online

We encourage Internet subscribers to visit the website [www.musicunited.org](http://www.musicunited.org), which contains valuable information about what is legal and what is not when it comes to copying music. It also links to some of the more popular online music services where fans can go to listen to and/or purchase their favorite songs.

We have attached below the details of the illegal file-sharing, including the time, date, and a sampling of the music shared. We assert that the information in this notice is accurate, based upon the data available to us. We have a good faith belief that this activity is not authorized by the copyright owner, its agent, or the law. Under penalty of perjury, we submit that the RIAA is authorized to act on behalf of its member companies in matters involving the infringement of their sound recordings, including enforcing their copyrights and common law rights on the Internet. This letter does not constitute a waiver of any of our member's rights, and all such rights are expressly reserved.

We appreciate your efforts to reduce copyright infringement on your networks. If you have questions about this notice or need guidance on how to resolve this matter feel free to contact us at 1-888-868-2124 or send an email to the address listed below and we call you back. If you are able to identify and resolve the problem yourself, please send us a response indicating the actions you have taken. Please reference the above noted Notice ID 22256455922 in all correspondence, which should be directed to:
